Nakiki SE acquires 9.749% of ecrop

On 29 September 2026, Nakiki SE acquired 9.749% of the shares in ecrop GmbH, Amberg.

SHARES	TRANSFER	PURCHASE PRICE
9.749%	29 Sep 2026	not published

The notarised agreement was signed on 29 September 2026. The shares passed to Nakiki SE upon notarisation.

The seller is the previous sole shareholder. The parties agreed to keep the purchase price and further terms confidential.

The focus on Bitcoin as the strategic core asset remains unchanged.

The legal framework for digital securities

Since 2021, German securities can be issued without a certificate. Since 21 September 2026, the Eurosystem offers settlement of tokenised assets in central bank money.

06/2021

The eWpG permits electronic securities and crypto securities registers.

12/2023

The ZuFinG extends this to shares.

12/2024 and 01/2025

MiCAR and DORA apply across the EU.

21 September 2026

The ECB launches Pontes for wholesale transactions. Full implementation is planned by 2028.

SOURCE eWpG (Federal Law Gazette I 2021); ZuFinG (Federal Law Gazette 2023 I No. 354); Regulation (EU) 2023/1114 (MiCAR); Regulation (EU) 2022/2554 (DORA); ECB press release of 21 September 2026. Market context only; no statement on any connection of ecrop GmbH. As of 29 September 2026.

Software and licence are separate

Register management and crypto custody require a BaFin licence. ecrop supplies the software; the regulated service is provided by institutions holding their own licence.

BAFIN LICENCE

01

Software (ecrop)

ecrop develops applications and interfaces.

02

Licensed institution

Licensed activity: register management, custody, payment services and anti-money-laundering duties sit with institutions holding their own licence.

03

Market

Issuers issue securities. Investors subscribe to and hold them.

The chart shows roles, not contract partners.

What Nakiki SE has published

Bitcoin remains Nakiki SE's strategic core asset. On 10 June 2026, the company named the aim of extending its strategy with digital capital-market infrastructure.

10 June 2026

Both companies intend to evaluate opportunities for a long-term strategic cooperation.

Andreas Wegerich, Management Board: “It does not represent a change of strategy.”

29 September 2026

The focus on Bitcoin as the strategic core asset remains unchanged.

MINORITY STAKE

9.749% ecrop

Bitcoin as strategic core asset
